PUBLIC NOTICE

IMPORT TRADE CONTROL

SUBJECT.—*Principles governing the issue of Import licences for January—June 1949*

No. 1(4)ITO/49.—The following decisions made by the Government of India governing the issue of import licences for goods falling under Parts II to V of the I.T.C. Schedule for the licensing period January—June 1949 are hereby published for general information. These decisions do not apply to goods falling under Capital Goods and H.E.P. licensing procedure which has been prescribed in the Ministry of Commerce Public Notice issued on the 10th April 1948, as amended by Public Notice dated the 10th November 1948.

2. Income-tax verification certificates.—As already announced in the Public Notices dated the 8th January 1949 and the 4th February 1949 applications for import licences, other than those specially exempted in these notices, will not be considered unless the applicants have furnished certificates of income-tax verification in the prescribed form and obtained registration numbers from the licensing authority concerned. The Public Notices and the form prescribed thereunder are reproduced as Appendix 'A' to this notice.

3. Grouping of countries in relation to currency.—For the purpose of licensing of imports during January—June 1949:

- (i) Dollar area is defined to comprise all countries in the continents of North, Central and South America and the Phillipine Islands with the exception of Brazil, Chile, Uruguay and Peru;
 - (ii) (a) Bizonia, i.e., Anglo-American zones in Germany;
 - (b) Belgium and Belgian colonies; and
 - (c) Portugal and Portuguese colonies excluding Portuguese possessions in India;
- are treated as hard currency countries.

- (iii) All other countries excepting the Union of South Africa, Peru, Japan and Switzerland are treated as soft currency areas.

4. Open General Licence No. XI applicable to the imports from sterling and soft currency countries continues to be in force until otherwise notified.

The foreign exchange position in respect of dollar and hard currency requires a closer watch than in the past.

5 Imports from the Union of South Africa.—No licences will be granted for imports from the Union of South Africa.

6 Imports from Peru.—Licences for the import from Peru of all commodities covered by Open General Licence No. XI, as amended from time to time, will be granted liberally subject to the conditions that payment is made in Peruvian currency or sterling. For other goods licences will be granted on the same basis as from soft currency countries.

7. Imports from Japan.—For imports from Japan, Open General Licence No. XIII is applicable for shipments of certain categories of goods up to 31st March 1949 and licences have issued for certain other commodities. The licensing policy for imports from Japan will be reviewed in March 1949 and a separate Public Notice will issue.

8. Imports from Switzerland.—Policy as to imports from Switzerland is also under review and a separate notice will issue in respect of licences for imports from Switzerland. Meantime it will be treated as a hard currency country for the purpose of these instructions.

9. Imports from Bizonia.—Licensing of imports from Bizonia i.e. Anglo-American Zones of Germany will be generally on the basis of licensing from other hard currency countries but the policy notified in Public Notice dated the 30th December 1948 and as modified by Public Notice dated the 3rd February 1949 will continue to be in force. These Notices are reproduced as Appendix 'C'.

10. General.—Appended to this Public Notice is a statement (Appendix B) which shows in a tabular form the licensing policy which will be followed in respect of imports from different areas except Japan and Switzerland.

11. Where goods are required for importation from dollar and hard currency countries full justification for such import should be furnished and it should be stated whether any effort was made to import these goods from soft currency countries, and, if so, with what results.

12. Importers are requested to study the appendices carefully and avoid making applications for import licences for articles which will not be licensed.

13. Procurement of licences in advance of shipment of goods.—Importers are advised, in their own interest, not to make any firm commitments with the foreign suppliers or arrange for shipment of licensable goods, without first obtaining the relevant import licence. Imports not covered by a valid import licence issued in advance of the date of shipment are liable to be severely penalised.

14. Period of validity of licences.—All licences will be valid for shipments made within a period of six months from the date of issue of the licence except in the case of articles mentioned in Appendix 'D' of this notice. The period of validity of licences for articles stated in Appendix 'D' will be one year from the date of issue. The period of validity of each licence will be specified on it.

15. Form of application.—A revised form of application has been drawn up as in Appendix 'E'. Applications for import licences for January–June 1949 should be made in this form and all the information required therein should be accurately furnished. Any application which is not made in the prescribed form and manner or which does not furnish all the relevant information required by this form is liable to be summarily rejected. In their own interests applicants are requested to study the general rules for submission of applications (Appendix 'F') carefully and send each application separately with relevant documents by Registered Post, Acknowledgment Due.

16. Applications from actual consumers.—In the case of articles which are subject to overall monetary limits, where goods are raw materials and accessories used in industrial concerns, applications from actual consumers of goods will receive consideration. Actual consumers should clearly specify in their application their past and estimated consumption of the article

concerned as required in item No. 8 of the form of application. Excepting those firms who have received actual consumer licences in the preceding half year, applicants applying as actual consumer should send along with their applications a certificate from either the Director of Industries of the Province where the factory is situated or from the Director General of Industry and Supply showing their actual manufacturing requirements of the article concerned.

17. Applications from Importers of raw materials.—Tyre-manufacturers, Electric Lamp Manufacturers, Fan Manufacturers, Radio Manufacturers, Cycle Manufacturers, Battery Manufacturers and Electric Motor and Transformer Manufacturers should submit to the Chief Controller of Imports a consolidated application separately for each country of supply to cover their requirements of all imported raw materials etc. needed by them for their own manufacture. Detailed list of articles required, with their value, should be attached to the application. They need not submit applications separately to the various licensing authorities for different commodities except that in the case of goods falling under Parts I and VI of the I.T.O. Schedule applications should be made to the proper licensing authorities as usual.

18. Applications from established importers.—In applying for licences for commodities whose imports are restricted by monetary ceilings, applicants who have imported these commodities in the past should specify their past imports of the article applied for during any one completed financial year not earlier than 1937-38 and upto and inclusive of the year 1947-48. The statement of past imports should be supported by—

(i) Quota certificate issued by the licensing authority concerned during July—December 1948; or

(ii) Customs Bills of Entry or postal declaration forms or Customs duty receipts with relevant invoices and Bank Drafts; or

(iii) a certificate by a Registered Accountant certifying in prescribed form the total c.i.f. value of the imports made by the applicant in the particular year.

Where the quota certificate issued in the last licensing period is not produced, the reason therefor should be clearly explained. It will be open to the licensing authority concerned to call for original bills of entry in any particular instance in lieu of acceptance of the evidence of the quota certificate or the Registered Accountant's certificate.

19. Date for receiving applications.—No time limit has been fixed for receiving applications from importers who are:—

(i) actual consumers of industrial raw materials and accessories; and

(ii) who have imported the commodities concerned during any financial year between 1937-38 and 1947-48 (inclusive).

These applications will be dealt with chronologically as and when received.

20. Newcomers applications.—A separate notice in the latter part of this Public Notice lays down the procedure for receiving applications from newcomers *i.e.* importers other than those specified in paras. 16, 17 & 18 above.

21. For the purposes of licensing from dollar and hard currency countries persons or firms who have not imported the same goods previously from those countries, but from soft currency countries will be treated only as newcomers. They should apply in accordance with the procedure for receiving applications from newcomers.

22. The authorities to whom applications should be made.—Applications for import licences for articles comprised in Part V of the I.T.C. Schedule attached to the Commerce Ministry's Notification No. 14-ITC dated the 20th November 1948 as amended should be made to the Chief Controller of Imports, New Delhi. In addition, applications will be received by the Chief Controller of Imports, New Delhi direct for the items enumerated in Appendix 'F' covered by Part IV of the I.T.C. Schedule, attached to the Commerce Ministry's Notification mentioned above.

23. Except for the articles mentioned in Appendix 'F' applications for imports of all articles covered by Part IV of the I.T.C. Schedule should be made to the Import Trade Controllers at the ports where similar goods were imported by the applicants in the past. Applications for import licences for articles included in Parts II and III of the said Schedule should be made to the Deputy Chief Controller of Imports, Calcutta and Bombay respectively. Applications for Textile Machinery falling under Part III should be made to the Deputy Chief Controller of Imports, Bombay in triplicate.

24. Applications from refugee firms.—Applications from those who had import business in the past in Karachi and Chittagong and who are now residents of the Dominion of India should be submitted for all Part IV goods to the Chief Controller of Imports, New Delhi, with relevant quota certificate in support of their past imports as issued during July–December 1948. They should also give their Refugee Registration No. or Camp Commandant Certificate or any other evidence to show that they were actual residents of the areas now included in Pakistan.

25. Limiting factor.—Importers should note that c.i.f. value is the limiting factor for purposes of clearance of goods from the Customs. Orders should be so placed and adjusted that the c.i.f. value of the goods on arrival does not exceed that shown in the licence.

26. Calculation of quotas.—For commodities whose import is restricted by monetary ceilings, established importers will be granted licences in accordance with the quota calculated on the basis of their past imports. These quota percentages will be published separately by the licensing authorities concerned. For imports from dollar areas quota licences will be granted on the basis of imports of the same goods from dollar areas. For imports from hard currency countries, past imports from dollar area and from hard currency countries in the same year will be taken into consideration provided separate licence for imports from dollar area has not been obtained.

27. Similarly for imports from soft currency countries total imports in one year from all sources can be taken into account for purposes of calculation of quota provided no separate licence has been obtained for imports from dollar and hard currency countries where such licences are issued.

28. Minimum value for quota licences.—No quota licences will be granted for a value less than Rs. 500/- in the case of dollar and hard currency countries and less than Rs. 1,000/- for imports from soft currency countries.

29. In respect of goods for which new-comers applications have been invited the minimum licence to be issued to an established importer will not ordinarily be for less than Rs. 3,000/-.

30. Conditions subject to which licences to actual users will be granted.—Licences to actual consumers of raw materials and accessories will be issued with the following condition endorsed on them:—

"This licence is issued subject to the condition that the goods will be utilised only for consumption as raw materials or accessories in the licence holder's factory and that no portion thereof will be sold to any other party."

31. Single applications for same Commodity from same group of countries.— Applications for the goods falling under same Serial No. should not be made both as established importers and as new-comers. Serious notice will be taken if any applicant makes more than one application for import of the same commodity from the same group of countries.

APPENDIX A

No. 1(2)ITC/49

GOVERNMENT OF INDIA

MINISTRY OF COMMERCE

New Delhi, the 8th January 1949

PUBLIC NOTICE

The Government of India have decided that with effect from the licensing period January-June 1949 applications for import and export licences whether from quota holders, manufacturers, established importers or exporters or newcomers will not be considered unless the applicant has lodged certificates of income-tax verification in the prescribed form with such of the following licensing offices to which they make their applications for import or export licences :—

1. Chief Controller of Imports, New Delhi.
2. Chief Controller of Exports, New Delhi.
3. Deputy Chief Controller of Imports and Exports, Bombay.
4. Deputy Chief Controller of Imports and Exports, Calcutta.
5. Import Trade Controller, Madras.
6. Export Trade Controller, Madras, and
7. Export Trade Controller, Amritsar.

(i) The certificates shall be in the form appended to this Notice. The applicant or his authorised agent should fill in the particulars as required in the form, on as many copies as are required, with one additional copy to be maintained by the Income-Tax Office and present them to the Income-Tax authority.* The Income-Tax authority will then verify the particulars from their record, subscribe the necessary verification certificates on all copies and return them to the applicant, leaving one copy for their record* specified in (ii) below.

(ii) Except in the case of applicants assessed or assessable to tax in the cities of Bombay, Calcutta, Madras and Delhi, the form after being filled in should be sent by the applicant or by his authorised agent for verification to the Income-tax Officer of the Circle, Ward or District where the applicant is assessed or assessable to income-tax. In the case of applicants from Bombay or Calcutta, the form should be sent to the Headquarters Assistant Commissioner of Income-tax in those cities and in the case of those from Madras and Delhi to the Inspecting Assistant Commissioner of Income-tax.

(iii) It will be noticed that the certificate calls for particulars of assessable incomes and taxes paid for a period of last five years including the income-tax year 1948-49. This certificate once produced, will be regarded as valid for all applications for import and export licences made by the applicant throughout the calendar year 1949.

(iv) For proprietary and partnership firms which have commenced business after 1st April 1948, it will be necessary to lodge certificates of income-tax verification with the Import and Export licensing authorities for the proprietor or proprietors and for each of the partners, as the case may be.

(v) The certificate when obtained should be sent by the applicant or his authorised agent to the licensing authority concerned in a cover clearly superscribed "INCOME-TAX VERIFICATION CERTIFICATE". Each certificate after receipt in the office of the licensing authority concerned will be registered and a registration number will be allotted in respect of it and communicated to the applicant who will quote the registration number prominently on all applications for import and export licences made thereafter.

2. The following classes of applicants will be specifically exempt from the necessity of producing the income-tax verification certificate :—

- (a) Such Government and semi-Government institutions as are not liable to income-tax.
- (b) Firms, individuals or companies in Indian States where no income-tax is levied and who have no place of business in the Indian Provinces.
- (c) Companies, public or private, which are incorporated under the Indian Companies Act after the 1st April 1948. Such companies should produce a certificate from the Registrar of Companies concerned showing the date of their incorporation.

APPENDIX A—*contd.*

- (d) Other types of persons who are not otherwise liable to income-tax, under Section 4(3) of the Indian Income-tax Act.
- (e) Firms and individuals claiming to be exempt from income-tax should give particulars of their income and state fully the circumstances in which they claim to be exempted from the tax.
- (f) Applicants claiming exemption from the production of income-tax verification certificate will also be allotted registration numbers in the same way as those who are required to produce the Income-tax Verification Certificate; but the allotment of registration numbers to them will be done at the Headquarters Office of the Chief Controller of Imports, instead of by the respective licensing authorities, and requests for registration by such applicants should be addressed to that office at New Delhi in a cover superscribed "Exemption from Income-tax Verification Certificate". After the registration number has been allotted and communicated to the applicant he should similarly quote that number on his applications for an import or export licence submitted to the proper licensing authority.

3. The Income-tax Authorities concerned have made arrangements for the issue of these Verification Certificates from the 25th January 1949. Arrangements have been made for the prompt issue of the Verification Certificates by the Income-tax authorities and for the registration of these certificates by the licensing authorities and for communication of these registration numbers to all the licensing officers.

4. Nothing stated in this Public Notice applies to applicants for import and export licences for small values not exceeding Rs. 5,000 in c.i.f. and f.o.b. values, respectively.

5. Similarly in the case of persons, firms or companies who had their past import or export business or had been residing in what is now Pakistan and are therefore unable to comply with the requirement of this notice, application for import or export licences will be considered without the production of the Income-tax Verification Certificate. They should, however, produce sufficient evidence to show that they had their place of business or had been resided in what is now Pakistan and are therefore unable to produce the verification certificate.

6. Should Government decide from time to time to exempt any other classes of individuals or firms from having to produce the certificate of income-tax verification, such decision will be duly announced.

GOVERNMENT OF INDIA
MINISTRY OF COMMERCE
New Delhi, the 3rd February, 1949

PUBLIC NOTICE

With reference to para. 6 of this Ministry's Public Notice, dated the 8th January 1949, regarding the production of Income-tax verification certificates by applicants for import and export licences with effect from the licensing period January—June 1949, it is notified for general information that the Government of India have decided that applications for (i) import licences for goods which are liberally licensed for imports from any source (including Capital Goods and Heavy Electrical Plant) and (ii) export licences for goods for export to hard currency areas will be taken into consideration and sanctioned, if otherwise eligible, irrespective of whether the applicant has lodged his income-tax verification certificates. This decision has been taken to facilitate maximum possible imports of the liberally licensed commodities and the maximum possible exports to hard currency areas.

New Delhi, dated the 30th December, 1948

PUBLIC NOTICE

SUBJECT:—Licensing of imports from Bizonia, i.e., Anglo-American Zones of Germany

It has been reported that the German authorities have made certain alterations in their export licensing procedure and the controls over exports have been considerably relaxed by the Bizonian authority. Individual contracts no longer require the approval of the Joint Export Import Agency for the export of the contracted commodity. It has therefore been found necessary to change the licensing procedure notified in this office Public Notice, dated the 10th September 1948. The following procedure will now be followed in the issue of licences for imports from Bizonia:—

- (i) Licences for imports from Bizonia will be granted only for such articles as are licensed for imports from hard currency countries in accordance with the principles mentioned in Commerce Ministry's Public Notice, dated the 26th July 1948.
- (ii) In the case of commodities which are liberally licensed for imports from dollar and hard currency countries as mentioned in the Public Notice, dated the 26th July 1948 licences will be granted liberally as hitherto on receipt of applications from consumers, established importers and new-comers. Applications should be made to the respective licensing authorities.
- (iii) In the case of articles licensed from hard currency countries subject to monetary ceilings, importers who have imported similar goods in the past from any of the dollar and hard currency countries may ask for a quota licence for imports from Bizonia. Quota licences where already granted will be allowed to be transferred for imports from Bizonia during its period of validity.
- (iv) Similarly licences granted to actual consumers for imports from dollar or hard currency countries will be allowed to be transferred for import from Bizonia.
- (v) In addition, those who have not imported similar goods before from hard currency countries or whose quota licences are small will be allowed licences on production of a contract made by them with the German suppliers holding open export licences from the Joint Export Import Agency. The value of the licence issued to any one firm for a particular commodity will, however, be limited to a maximum which has been fixed after taking into account the total monetary ceiling agreed to under the Trade Agreement with Bizonia. Applicants should produce along with their applications evidence of the contracts made with the Bizonian suppliers stating the open export licence number held by the exporter. Letter of availability from Indian representatives of the exporters, will not be accepted.
- (vi) In the case of commodities which are not at present licensed from dollar and hard currency areas, no licences will be granted from Bizonia except for Aluminium Sulphate and Spare Parts and Accessories of Bicycles. Licences for the import of these will be issued in accordance with the procedure stated in paras. (iii) to (v) above. No application for the import of prohibited commodities should therefore be made.
- (vii) In all cases applications from parties (other than actual consumer) who have not imported similar commodities from any source, the 31st March 1948 should be accompanied by a Treasury Receipt for Rs. 25.
- (viii) Outstanding applications already made in accordance with the Public Notice of the 10th September 1948 will be considered in accordance with the procedure outlined above. It is not necessary for these applicants to apply afresh, but if they have not already furnished contracts made by them with their German suppliers these should be furnished giving reference to their application.
- (ix) Where the contracts previously approved by Joint Export Import Agency or the German Economic Body to whom Joint Export Import Agency functions were delegated are furnished licences will be issued as previously notified.

This revised procedure for licensing of goods from Bizonia will continue to be operative for the licensing period January-June 1949 also.

G. R. KAMAT,
Chief Controller of Imports.

OFFICE OF THE CHIEF CONTROLLER OF IMPORTS

New Delhi, the 3rd February, 1949

PUBLIC NOTICE NO. 3-CGI

SUBJECT:—Licensing of imports from Bizonia, i.e., Anglo-American Occupied zone of Germany

The export licensing procedure in Bizonia has been considerably relaxed and prior approval of Joint Export Import Agency is required only for a few commodities. The others can be exported without licence. It has, therefore, been decided that import licensing procedure notified in this office Public Notice, dated the 30th December 1948 should be modified to the following extent:—

It will not be necessary for the importers to state the open export licence number held by the exporters. They will, however, be required to produce evidence of the contracts made with the Bizonian suppliers. For this purpose, suppliers' letter or telegram in original agreeing to supply the goods subject to import licence should be sent. The firms should also produce evidence to show their standing in business and whether they are dealers in the line of trade for which they apply for licences.

G. R. KAMAT,
Chief Controller of Imports.

APPENDIX "F"

(The following rules should be carefully observed by applicants to ensure that their applications receive proper and prompt attention.)

All the information required in the application form should be furnished in a legible manner.

2. With regard to correct classification of the goods, specially with a view to find out whether the goods are under Open General Licence or not, Collector of Customs at the ports may be consulted.

3. Full description with complete details and end use of the goods should be furnished. If possible, descriptive literature and catalogues should also be sent.

4. (a) One application should be made for import of goods falling under each serial Number of the Import Trade Control Schedule, if for import from one country;

(b) Where one serial Number covers a number of different articles the applicant should give a list of articles which he desires to import;

(c) Where the goods are to be imported from different countries, separate applications should be made; and

(d) Where the goods are to be imported at more than one port, the value of goods desired to be imported at different ports should be given separately.

5. (a) Actual Consumers, i.e., those who require the goods for use as industrial raw materials or accessories should produce a certificate from the Director of Industries of the Province in which their factory is situated or from the Development Officer of D. G., I. & S. to show their past annual consumption;

(b) Where the firm has no past annual consumption and has been only newly started, the certificate should show probable requirements and the basis on which they have been arrived at.

6. Figures of past imports should be for any one year from 1937-38 to 1947-48 in which the firm may have the best imports from all sources taken together. With regard to evidence of such imports during July-December 1948 quota certificates were issued by all the licensing authorities and these may be enclosed. Where quota certificates had not been obtained or for any reason it is desired that imports of any other year than the one for which the quota certificate was issued should be taken into account, Bills of Entry should be produced in support of the imports. Where Bills of Entry are not available, invoices supported by Customs receipt or Bank Drafts may be produced. In the absence of these documents a certificate from a Registered Accountant in a form annexed herewith may be produced.

7. Where the goods are required for importation from dollar or hard currency countries full justification for such imports should be given. It should be stated whether any efforts were made to import the goods from any soft currency country and, if so, with what result.

8. The Income-tax Verification Certificate as prescribed in Public Notice, dated the 8th January 1949 should be furnished and the Registration No. allotted should be quoted in each application.

9. New-comers who have not imported the goods in any year between 1937-38 to 1947-48 inclusive should furnish a Bank certificate in the annexed form that they are in the same or allied trade.

10. It should be noted that licences are not transferable and any person selling the licence or violating any of the conditions subject to which licence is given is liable to prosecution and also to be debarred from issue of further licences.

11. Applications for licences should be signed by the proprietor, partner, managing director of the firm or by any person duly authorised to sign any legal declarations on behalf of the firm. The position held by the person signing the application should be clearly stated.

APPENDIX N

GOVERNMENT OF INDIA

MINISTRY OF COMMERCE

OFFICE OF THE CHIEF CONTROLLER OF IMPORTS

PUBLIC NOTICE No. 7/49-CCI

*New Delhi, the 17th February 1949.**SUBJECT :—Import of Salt from abroad*

As a result of the review of the requirements, past imports and the existing stocks of salt in Calcutta and the areas to which salt is supplied from Calcutta it has been decided that licences for import of salt from all soft currency countries will be granted liberally within a total target limit of 160,000 tons during January-June 1949 on condition that :—

- (i) the C.I.F. price of salt for Calcutta port does not exceed Rs. 215 per hundred mds. ;
- (ii) licences issued only for the port of Calcutta and for shipments within three months from the date of issue; and
- (iii) the applicant produces necessary evidence to show that he has arranged for necessary tonnage for the shipment of salt within three months of the date of issue of licence.

The licences will specify whether they are for fine salt or Kurkutch salt and in the grant of licences, preference will be given to imports of fine salt.

Applications for import of salt should be made to the Import Trade Controller, Calcutta, along with quotations of price from shipper and evidence that shipping arrangements have been made.

G. R. KAMAT,

Chief Controller of Imports.

*Procedure for receiving applications for import licences from new-comers,
during January-June, 1949*

The Government of India have decided that applications for import of licences from new-comers in the trade should be considered only in respect of items mentioned in the annexed Schedule and subject to the procedure hereafter mentioned.

2. For the purpose of this notice, new-comers in the trade are defined as persons other than—

(i) those who are actual consumers of raw materials or industrial accessories which are required to be imported for their own use.

(ii) those who have imported the commodities concerned during any financial year between 1937-38 and 1947-48 (inclusive).

3. Applications will be entertained only for the articles listed in the Schedule and from any of the countries indicated therein.

4. Separate applications should be made for goods falling under separate Serial Nos. and for each source of supply. A Bank certificate should also be furnished in the form annexed to the application.

5. Applications for items which are liberally licensed may be made at any time during the half year to the licensing authorities specified in the Import Trade Control Schedule and in the Public Notice laying down general principles for licensing during the half year January-June 1949.

Applications for restricted items should be made to the office of the Chief Controller of Imports, so as to reach that office on or before 15th April 1949. Applications received thereafter will not be considered.

6. Except to the extent stated in the notice the grant of import licences will be subject to the same general regulations as apply to the licences granted to established importers and others.

7. In view of the limited amounts available for issue of licences to new-comers it may not be possible to grant licences to all applicants. The decision of Government in regard to the grant of licences will be final.
